

Under the Sea

Photographed by Hannah and Ella, Year 7's
Stonefields School

Drains are filling up with plastic and waste and getting carried out into the oceans... We need to make an effort to stop this! We all need to work together to keep New Zealand beautiful.

We stumbled across a drain and decided that that would be our inspiration for this competition. We think it could be a great example of what we need to focus on. This is what drains across NZ look like and we need to make an effort to stop this from continuing!
